

Articulated Trucks

Also known as **Flexi** or **Bendi** machines, pivot steer trucks have an articulated mast that makes them multifunctional. This eliminates double handling of loads as well as optimising storage space in the warehouse.

Pivot steer training is tailored to cover relevant applications from stacking full pallets in narrow aisles to working in yards, unloading lorries.

Course Type	Operator Experience	Course Duration	Delegates
Pivot Steer P1 Rider electric and ICE pivot steer trucks P2 Pedestrian electric pivot steer trucks	Novice	5 Days	3 Maximum
	Experienced	3 Days	3 Maximum
	Refresher	1 Day	3 Maximum
	Conversion	1 or 2 Days (dependent on truck type)	3 Maximum
