

# Rider Transportable Trucks

Rider transportable lift trucks mounted on the back of lorries are an increasingly common addition to many fleets, developed to facilitate to the unloading of goods on delivery. They are commonly referred to by manufacturers' names such as **Moffett Mounty**, Kooi-Aap or Manitou, amongst others.

Rider transportable fork lift training covers safe and efficient operation as well as the mount and dismount procedure from the truck's host vehicle.

## CPC Approved Course

As a registered training provider for the **Driver Certificate of Professional Competence (CPC)**, we also offer rider transportable training courses approved by the Joint Approvals Unit for Periodic Training (JAUPT) with hours eligible towards the required five yearly quotas.
